

LifeStyle at home

The Living Room

Mitchell accessorized her slipcovered sofa from Quatrine (quatrine.com) with Pottery Barn Fairfax throw pillows. To perk up her beige walls, she hung oil paintings of musical instruments from Thousand Oaks Community Gallery (805-498-4390).

The Pool

Doman Pools' Chris Doman (805-529-0877) created a water fountain out of a 6,000-pound boulder and used bluestone diamonds to add sparkle to the brick patio.

The Bathroom

To complement her Jacuzzi tub and tumbled-marble tile, Mitchell added Pottery Barn Cottage floor cabinets, which she stocks with Kérastase shampoo (877-748-8357) and Ráya skin-care products (rayaspa.com).

The Bedroom

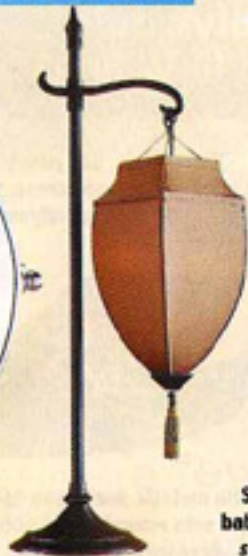

"Things that are comfortable make me feel homey," says Mitchell (with Bella and Chico), who paired her Pottery Barn Tristan sleigh bed with a comforter from Restoration Hardware (restorationhardware.com) and a \$129 Pottery Barn faux fur throw.
